MARKS	WORD LIMIT
10	~150 words

Answer Hint

Freedom of association; Article 19(1)(c); civil society; social mobilisation; public participation; accountability; constitutional restrictions

Model Answer

Introduction

Voluntary organisations form an important part of civil society in India. They mobilise citizens, promote social initiatives and contribute to public debate on contemporary issues.

Role in Indian Society

1. Social Mobilisation

Such organisations bring people together around cultural, educational, charitable and community-related activities. They can strengthen social participation and collective action.

2. Public Awareness

Voluntary organisations may spread awareness, organise community programmes and encourage engagement with public issues. Their contribution varies according to their objectives, reach and methods.

3. Constitutional Framework

Article 19(1)(c) guarantees citizens the right to form associations or unions, subject to reasonable restrictions under Article 19(4). Organisations must comply with applicable laws and respect the rights of others.

Challenges and Way Forward

Concerns may arise regarding transparency, financial accountability, inclusiveness and the impact of organisational activities on social harmony. Clear legal compliance, responsible communication and transparent governance can strengthen public trust.

Conclusion

Voluntary organisations contribute to democratic participation and social development. Their functioning should be protected by constitutional freedoms while remaining accountable under the law.
