Answer Hint

APEC, regional economic cooperation, free trade, multilateralism, trade tensions, supply chains, inclusive development, India's economic diplomacy.

Model Answer

1. Introduction

Global trade tensions, slowing economic growth and geopolitical competition have increased the need for international economic cooperation. Regional forums such as APEC play an important role in promoting trade and economic stability.

2. Main Body

Role of APEC

- Promotes trade and investment among member economies.
- Encourages the reduction of trade barriers and greater regional economic integration.
- Supports resilient supply chains, digital trade and inclusive economic growth.
- Provides a platform for dialogue to address economic differences.

Key Challenges

- US–China trade tensions and rising protectionism.
- Differences in the economic and strategic interests of members.
- Limited enforcement because APEC relies largely on voluntary commitments.
-

Significance for India

Although India is not an APEC member, stronger economic engagement with the Asia-Pacific region can help diversify trade, attract investment and strengthen supply chains.

3. Conclusion

APEC cannot independently resolve global economic challenges, but it can support regional stability through dialogue, multilateral cooperation and open trade.
